SAVE THE DATE

MENTAL HEALTH SERVICES ACT

Transforming Promotion, Prevention, and Early Intervention Across the Lifespan

- Clarify terms to facilitate dialogue about promotion, prevention, and early intervention
- Identify links between risk factors, protective factors, and reducing negative life outcomes
- Demonstrate how prevention activities can reduce disparities, stigma, and discrimination
- Clarify the relationship between prevention, promotion, early intervention, resiliency, and recovery
- Trauma is used as an example to explore prevention activities
- Trauma as an example to explore the role of children and youth, parents, consumers, and family members

Helping You Make the Difference
